Change Number Stories

**Family Note**

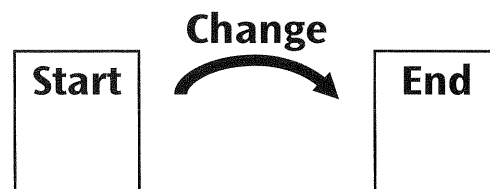

Today your child learned about another diagram that helps organize the information in a number story. It is called a *change diagram*. For more information, see pages 254 and 255 in the *Student Reference Book*.

Please return this Home Link to school tomorrow.

For each number story, write ? in the diagram for the number you want to find. Write the numbers you know in the change diagram. Then, write the answer and a number model. Finally, write how you know that each answer makes sense.

1. Marcus had \$25 in his wallet. He spent \$16 at the store. How much money was in Marcus's wallet then?

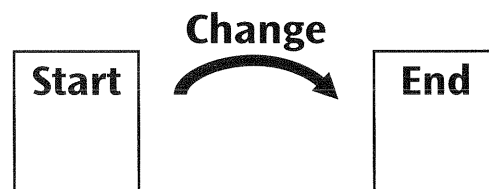

Answer the question: _____
(unit)

Number model: _____

Check: How do you know your answer makes sense?

2. Jasmine had \$35. She earned \$14 helping her neighbors. How much money did she have then?

Answer the question: _____
(unit)

Number model: _____

Check: How do you know your answer makes sense?
