Moodle

Moodle is a new program I am using to implement an online classroom. It can do TONS of cool stuff! The students that have turned in their permission slips have received their usernames and passwords. Participation is not mandatory, but I think many of the kids will enjoy using the system. It will have activities, pictures, stories etc for them to interact with created by -- me! We will be taking baby steps as I show them how to use the system. The activities may not be that exciting at the beginning, but as the kids become more comfortable navigating the site I have some neat things planned!

- Our next Reading story is Big Blue Whale. It will run two weeks due to the short week.
