## Achievement Tests

The Achievement Tests are next week. We will take the tests Monday and Tuesday morning. Please try and get your students here both days on time. The students should NOT bring in a healthy snack for the test. I have found they are a bigger distraction than help. We are ready and I truly expect this class to do very well on the test. They should be confident in their abilities and excited to show how hard we've worked this year.

## April Specials
