Smart Board

I was lucky enough to be chosen to receive a Smart Board for my classroom! You may not be familiar with them, but they are really cool. It's basically a giant computer screen that we can manipulate with our hands, rather than a mouse. I'm sure the students will be telling you all about the amazing things we can do with it. It is really going to help enhance instruction in the classroom.

Reminders

- There will NOT be a new spelling and vocabulary list next week. It is a review week.
- Friday Folders should have come home today.
- Our can food drive continues next week. The students get tickets for each item they bring.
- Can you believe it's already December?
